

## Harsco Environmental Inks Multimillion Dollar Contract to Renew Steel Mill Services Engagement with Bahrain's SULB Company

November 5, 2020

- *Multi-year contract proves Harsco's global leadership and continued presence in The Middle East and African markets*
- *Second consecutive renewal reflects customers' confidence in the company's long-standing commitments to quality, safety and employee care*

CAMP HILL, Pa., Nov. 05, 2020 (GLOBE NEWSWIRE) -- [Harsco Corporation](#) (NYSE: HSC), a global market leader providing environmental solutions for industrial and specialty waste streams, announces today that its Environmental division (HE) has successfully renewed a multi-year services contract with SULB Company (SULB), a manufacturer of multi-sized angles and beams in the Gulf Cooperation Council (GCC). The renewal marks the second consecutive contract extension since 2012.

"We are pleased to continue working with SULB. They are an innovative customer who has leveraged our sustainable solutions to maximize environmental benefit and return valuable raw material into production," said Russ Mitchell, Harsco Environmental Vice President and Chief Operating Officer. "The multiple renewals speak to the mutual trust and understanding which has been forged with SULB over a long-term and meaningful working relationship."

Under this contract, Harsco will continue to provide slag and scrap management, finished and semi-finished product handling, and briquetting services (a sustainable process that allows for the recovery of valuable metallic, carbon and mineral units that would otherwise be sent to landfill).

"I am tremendously proud that we have found in Harsco Environmental a supplier that continuously provides us peace of mind and access to cutting-edge capabilities," said SULB Chief Executive Officer, Mr Ravi Inder Singh. "Throughout our engagement, Harsco has demonstrated its superior technology and processing performance when it comes to the real-world application and operations. We look forward to building our relationship with Harsco Environmental."

The formal renewal began Nov. 1, 2020. To learn more about Harsco's market-leading environmental solutions, visit [www.harsco-environmental.com](http://www.harsco-environmental.com).

### About Harsco Environmental

Harsco's Environmental division is the largest and most comprehensive provider of onsite material processing and environmental services to the global metals industry, with operations at over 130 customer sites across more than 32 countries. The division is a technology partner to cleaner, more efficient metal production, providing customers with economically and environmentally viable solutions for the treatment and reuse of production waste streams.
