

## Harsco Environmental Extends Contractual Relationship With Arkansas Steel Associates LLC

August 5, 2021

- *New seven-year contract ensures continuity for ASA's Newport, Arkansas, operation.*
- *Contract scope is for mill services and includes scrap management, slag management and refractory services.*

CAMP HILL, Pa., Aug. 05, 2021 (GLOBE NEWSWIRE) -- [Harsco Corporation](#) (NYSE: HSC), a global market leader providing environmental solutions for industrial and specialty by-products, announced today that its [Harsco Environmental](#) division has successfully entered into a new multi-year services contract with existing customer, [Arkansas Steel Associates LLC](#) (ASA), based in Newport, Arkansas.

This new agreement extends Harsco Environmental's prior seven-year relationship for another seven years, cementing Harsco Environmental as ASA's preferred service provider for slag and scrap management, slag processing, metal recovery and refractory services.

"Arkansas Steel Associates is pleased that Harsco Environmental will be our mill service provider for another seven-year contract period," said Rich Anderson, Vice President, Sales and Purchasing, of ASA. "We have appreciated Harsco Environmental's good service and responsiveness to our needs."

ASA is a leading supplier of tie plates to the North American railway industry.

"This contract extension provides a strong foundation for Harsco Environmental and Arkansas Steel Associates to continue their efforts focused on achieving sustainable environmental goals for years to come," said Russ Mitchell, Vice President and Chief Operating Officer of Harsco Environmental.
