

Harsco Environmental Signs 5-Year Extension Contract With Tata Steel at Port Talbot Steelworks

November 30, 2022

- *Harsco Environmental will support Tata Steel's UK decarbonisation efforts at its Port Talbot steelworks through this five-year contract extension.*

CAMP HILL, Pa., Nov. 30, 2022 (GLOBE NEWSWIRE) – [Harsco Corporation](#) (NYSE: HSC), a global market leader providing environmental solutions for industrial and specialty by-products, announced today that its [Harsco Environmental](#) division has renewed its contract with [Tata Steel](#) at the Port Talbot steelworks for a period of five years starting July 1, 2022. Tata Steel is the UK's largest steel producer.

Harsco has been providing critical services, including metal recovery, scrap processing, slag handling and BOS (Basic Oxygen Steelmaking) services at Port Talbot for more than 40 years.

With an annual UK steel production of more than 3 million tonnes, Tata Steel supplies steel products to customers throughout the United Kingdom, mainland Europe and beyond. Over the next five years, Harsco Environmental will support Tata Steel's transformation project to decarbonise its operations. Tata Steel's UK business has an ambition to achieve CO₂ neutral steel making by 2045 and achieving at least a 30% reduction in CO₂ emissions by 2030. Harsco will continue to work with Tata Steel on several continuous improvement initiatives and collaborate on the ongoing transformation project.

"This extension attests to Harsco Environmental's record of excellent service with Tata Steel's Port Talbot steelworks," said Harsco Environmental Chief Operating Officer Russ Mitchell. "We look forward to strengthening this partnership as Tata Steel works toward its decarbonisation goals and improvement initiatives."
