

Harsco Environmental Signs Extension Contact With Compañía Siderúrgica Huachipato

December 15, 2022

Five-year renewal contract ensures continuity with Compañía Siderúrgica Huachipato (CSH)

CAMP HILL, Pa., Dec. 15, 2022 (GLOBE NEWSWIRE) – [Harsco Corporation](#) (NYSE: HSC), a global market leader providing environmental solutions for industrial and specialty by-products, announced today that its [Harsco Environmental](#) division has extended its contract with Compañía Siderúrgica Huachipato (CSH), Chile's largest steelmaker.

Harsco Environmental signed a 5-year renewal contract with an estimated revenue of \$28 million USD to provide services at the company's site in Chile. Through this renewal, Harsco Environmental will focus on maintaining operational excellence, integrating key performance indicators (KPIs), and reinforcing vital operational activities. The scope of work will remain the same as the previous contract between Harsco Environmental and CSH, with melt shop cleaning, wrecking, scrap chute loading, scrap handling, oxy cutting, scrap shearing, metallic recovery, and slag sales services.

Harsco Environmental has serviced CSH, the only integrated steel company in Chile, at its Talcahuano mill for more than 40 years. The steel mill currently produces 850 thousand tons of long steel products every year.

"Harsco Environmental is pleased to continue to provide services to CSH, a key steel producer and one of our valued customers in Chile," said Russ Mitchell, Vice President and Chief Operating Officer of Harsco Environmental. "This contract renewal demonstrates the strength of our long-standing relationship with CSH."
