Item 2.01. Completion of Acquisition or Disposition of Assets.

On November 26, 2013, Harsco Corporation (the "Company") consummated the previously announced transaction to sell the Company's Harsco Infrastructure Segment into a strategic venture with Clayton, Dubilier & Rice ("CD&R") as part of a transaction that combines the Harsco Infrastructure Segment with Brand Energy & Infrastructure Services, Inc., which CD&R simultaneously acquired (the "Infrastructure Transaction"). The Company has contributed substantially all of the Company's equity interests in, and the net assets of, the Harsco Infrastructure Segment to the strategic venture in exchange for \$300 million in cash, subject to working capital and other adjustments, and an approximate 29% equity interest in the strategic venture. The Company's approximate 29% equity interest in the strategic venture will be accounted for under the equity method of accounting as prescribed by accounting principles generally accepted in the United States of America.

Under the terms of a limited partnership agreement (the "Partnership Agreement") that governs the operation of the strategic venture, the Company is required to make quarterly payments, effectively to CD&R either (at the Company's election) (i) in cash, with total payments to equal approximately \$22 million per year on a pre-tax basis (approximately \$15 million per year after tax), or (ii) in kind through the transfer of approximately 2.5% of the Company's equity interest in the strategic venture to CD&R on an annual basis. The Company's obligation to make such quarterly payments under the Partnership Agreement will cease upon the earlier of (i) the strategic venture achieving \$479 million in last twelve months' earnings before interest, taxes, depreciation and amortization for three quarters, which need not be consecutive, and (ii) eight years after the closing of the Infrastructure Transaction. In addition, upon the initial public offering of the strategic venture, the Company's quarterly payment obligation will decrease by the portion of CD&R ownership sold and is eliminated completely once CD&R ownership interest in the strategic venture falls below 20%. In the event of a liquidation of the strategic venture, CD&R would be entitled to a liquidation preference of approximately \$336 million, plus any quarterly payments that had been paid in kind.

Under the terms of an investor rights agreement, the Company has the right to designate two of the nine directors to the board of directors of the strategic venture and to jointly (with CD&R) designate one independent director. The remaining members of the board of directors of the strategic venture will consist of five directors designated by CD&R as well as the chief executive officer of the strategic venture.

Item 9.01. Financial Statements and Exhibits.

(b) Pro Forma Financial Information

The unaudited pro forma condensed consolidated financial information related to the Infrastructure Transaction is attached as Exhibit 99.1 to this Current Report on Form 8-K.

UNAUDITED PRO FORMA CONDENSED CONSOLIDATED FINANCIAL INFORMATION

On November 26, 2013, Harsco Corporation (the "Company") consummated the previously announced transaction to sell the Company's Harsco Infrastructure Segment into a strategic venture with Clayton, Dubilier & Rice ("CD&R") as part of a transaction that combines the Harsco Infrastructure Segment with Brand Energy & Infrastructure Services, Inc., which CD&R simultaneously acquired (the "Infrastructure Transaction"). The Company has contributed substantially all of the Company's equity interests in, and the net assets of, the Harsco Infrastructure Segment to the strategic venture in exchange for \$300 million in cash, subject to working capital and other adjustments, and an approximate 29% equity interest in the strategic venture. The Company's approximate 29% equity interest in the strategic venture will be accounted for under the equity method of accounting as prescribed by accounting principles generally accepted in the United States of America.

The following unaudited pro forma condensed consolidated financial information is based on the Company's historical consolidated financial statements and is intended to provide information about how the Infrastructure Transaction might have affected the Company's historical consolidated financial statements if it had closed on January 1, 2012, in the case of the condensed consolidated statement of operations for the year ended December 31, 2012; January 1, 2013, in the case of the condensed consolidated statement of operations for the nine months ended September 30, 2013; and September 30, 2013, in the case of the condensed consolidated balance sheet as of September 30, 2013. The unaudited pro forma condensed consolidated financial information is based on available information and assumptions that the Company believes are reasonable. The unaudited pro forma condensed consolidated financial information is for illustrative and informational purposes only and is not intended to represent or be indicative of what the Company's financial condition or results of operations would have been had the Infrastructure Transaction occurred on the dates indicated. The unaudited pro forma condensed consolidated financial information also should not be considered representative of the Company's future financial condition or results of operations.

For information with respect to certain items that are and are not reflected in the unaudited pro forma condensed consolidated financial information, please refer to the notes to the unaudited pro forma condensed consolidated financial information.

The unaudited pro forma condensed consolidated financial information should be read in conjunction with the audited consolidated financial statements, including the notes thereto, included in the Company's Annual Report on Form 10-K for the year ended December 31, 2012, and the unaudited condensed consolidated financial statements, including the notes thereto, included in the Company's Quarterly Report on Form 10-Q for the period ended September 30, 2013.

The unit adjustment liability represents quarterly payments required to be made by the Company, pursuant to the terms of a limited partnership agreement (the "Partnership Agreement") that governs the operation of the strategic venture, either (at the Company's election) (i) in cash, with total payments to equal approximately \$22 million per year on a pre-tax basis (approximately \$15 million per year after tax), or (ii) in kind through the transfer of approximately 2.5% of the Company's equity interest in the strategic venture to CD&R on an annual basis. The Company's obligation to make such quarterly payments under the Partnership Agreement will cease upon the earlier of (i) the strategic venture achieving \$479 million in last twelve months' earnings before interest, tax, depreciation and amortization for three quarters, which need not be consecutive, and (ii) eight years after the closing of the Infrastructure Transaction. In addition, upon the initial public offering of the strategic venture, the Company's quarterly payment obligation will decrease by the portion of CD&R ownership sold and is eliminated completely once CD&R ownership interest in the strategic venture falls below 20%. In the event of a liquidation of the strategic venture, CD&R would be entitled to a liquidation preference of approximately \$336 million, plus any quarterly payments that had been paid in kind.

(2) Items not adjusted in the unaudited pro forma condensed consolidated financial information

- (a) The Company has historically provided corporate governance, accounting, human resources, risk management, treasury, tax, internal audit and other support services to the Harsco Infrastructure Segment. As a result of the Infrastructure Transaction, the Company anticipates incurring restructuring charges related to stranded costs associated with the Harsco Infrastructure Segment and a reduction of corporate overhead costs. No adjustment related to these items has been reflected in the unaudited pro forma information.
- (b) The Company has not reflected any reduction in interest expense associated with the closing of the Infrastructure Transaction. The Company anticipates reducing the amount outstanding under the Company's multi-year credit facility with the cash proceeds from the Infrastructure Transaction, but has no legal requirement to do so.
